NOT FINISHED; JUST BEGUN

Our school days are ending,
But our life has just begun,
On to success we are climbing
Until our goal is won.

We are not willing to call it finished,
Until we have reached the summit,
For when our goal is found,
We will have attained a treasure indeed.

We have gone to school to learn,
But now we are out to yearn.
We have studied during these years that went by,
In hopes to seek a goal very high.

We have now reached the point in our life,
Where we are out on our own,
But our journey is not yet ended,
For we have not finished, but just begun.

THE SCHOOL DAZE

On August 28, 1949, seventy-two boys and girls, called Freshmen, came into this school not sure of what was coming next.

We were dazed by the time we got done filling out all the cards, climbing stairs and getting into wrong class rooms.

In September, we held our first class meeting for the purpose of electing officers. We chose as our class colors, green and gold; our motto, "Not Finished, Just Begun." Our class flower, yellow rose. Later on in the year we took a trip to Gettysburg.

The following year we came back as Silly Sophomores, but were sad to see many of our classmates had left us. We had a skating party to obtain money towards our Senior trip to Washington.

After a wonderful three months vacation, we came back as Jolly Juniors. We then had a Hallowe'en Square Dance at Colvins Garage. We also presented our class play, "The Boarding House Reach," on January 16, 1952.

We played host and hostess to the Seniors at the Ship Hotel, on April 15, 1952.

Now as Seniors, we thirty-seven boys and girls are holding our last pleasures of school, by working on our yearbook and getting our pictures, announcements and name cards. We won the ice cream party by having the highest percentage of all the class rooms during the magazine campaign. We had a chicken supper on February 25, 1953, also the last week in March we held our Senior class play.

As the "Lion" goes to press we are looking forward to our Senior trip to Washington, D. C. Then comes baccalaureate on May 24, and commencement on May 26, after which we all will depart into the world.

CLASS PROPHECY

After 20 years of hard work in a sewing factory, I. Devoy McCreary was at last entitled to draw my social security and live off its benefits. Always having had a yearn to travel, I decided to make a cross country tour. So Frank Williams and I settled ourselves in his brand new Harley Davidson and started west to visit points of interest.

Stopping in Pittsburgh to go through the steel mills, we were happy to find Rose Marie Frazier, a stenographer in the main office. There we also found Floyd Wertz and Roy Fisher, Supervisors over the metallurgy department. In the Westinghouse Research Building, we found Ethel Yankanich busily engaged in atomic energy experiments. Erecting a new lighting system for her work were Gerald Latshaw and Tom Shippey whom we learned were the best electricians in Pittsburgh.

Being time for lunch we stopped at Bowens Diner, owned and operated by none other than our old friend Harold Bowen. How good to see him and learn Alice Imgrund was head waitress.

Continuing on our way through Ohio, we learned Don Grasser was plant manager of the Firestone Rubber Co. How he had changed! Wearing a black mustache and tipping the scales at 250, we barely recognized our old friend. In the heart of Indiana's Corn belt, whose name do you think we saw on the end of a huge red barn? Brady's of course. Owned and operated by Mr. and Mrs. Lohr and their four sturdy sons.

Just after we left their farm, a large freight veered crazily across the highway and crashed into a telephone pole. Quickly we rang for an ambulance and who should appear at the scene but Mortician Jim Leydig, ably assisted by Bob Leydig. As the injured driver was removed from the scene, we were shocked to find that it was Joel Colvin.

CLASS PROPHECY

We followed the racing ambulance to the hospital and was very glad to learn he had but one broken rib and a few brush burns. He was carefully bandaged by nurse Evelyn Dull who told us Lovella Rose was Dietician in that hospital. Stopping at the Double M Shoppe, to my pleasant surprise, I found Mary Lois Herline and Marian Shaffer doing a fine and thriving business.

We drove out to the famous speedway and Jimmy Otto was driving for Joey Chitwood. Arriving in Chicago the next day, we went to see the Chicago Cubs playing ball. At third base was Barry Leydig who could really play ball.

Visiting the Great Lakes Navel Training Center, we found Lieutenant-Commander Wayne Hobson instructing there. Vaughn Way was testing a B-17 Bomber with Ned Shippey and Harold Coyle working the guns. Shoot-a-Mile Coyle, that's him!

In Iowa we looked up Jean Miller who was a teacher there in a little red school house. Ferne Slick was doing missionary work in the Mountains of Nebraska. In Cheyenne, Wyoming, we visited a large ranch owned by Ronald Custer. Bob Taylor and Park Williams were busy rounding up the doggies.

In Salt Lake City, Utah, we found Geraldine Sheirer and Mary Turner raising carrots with their husbands. We stopped in Reno to visit Audrey Mitchell who said she was getting another divorce.

In Hollywood we saw Phyllis Pensyl who had as her personal attendant Shirley Moore. Her lovely costumes were designed by Lowalla Mullin and her assistant Janet Detweiler.

We continued our journey home tired but happy, because we had seen all our former classmates.

THIS PAGE IS DEDICATED TO MR. JAMES STEWART

MR. JAMES R. STEWART

Mr. James R. Stewart has left a space at C. R. H. S. that will never be completely filled until he returns to us after spending a couple of years with "Uncle Sam." Mr. Stewart had started his first year of teaching after graduating from Indiana State Teachers College with a Bachelor's degree in Music.

He did a fine job while he was with us. He not only taught music to the High School students and the elementary students at Schellsburg, but also went to the Junior High at New Paris, and Washington and Lincoln grade schools which was appreciated by all.

We can feel sure he'll be a success as a soldier because he proved so successful as our Chorus teacher in the short time he was with us. We welcome and appreciate the fact that Mr. Pepe will keep our Chorus going, and hope he likes having us back.

Mr. Stewart also did a wonderful job as the director of the Junior Class Play. We seniors regret that he won't be here to direct ours, but we're sure Mr. Thomas will do a fine job in putting our plays over.

We all miss Mr. Stewart very much, but we'll be looking forward to his return. We are sure he'll come to visit us whenever there's a possibility, but until he does, we will keep this sentiment in our hearts. "He's gone, but not forgotten."
